Sublime Solution Inc. announces a VIP Professional partnership with VMware, a Proven Virtualization Platform

Sublime Solution to offer VMware, a complete virtualization solution, to their Customer base

Manchester, NH., June 12, 2007 – Sublime Solution Inc., a global reseller specializing in virtualization solutions, today announced the VIP Professional partnership with VMware, the global leader in virtualization solutions from the desktop to the data center. This partnership marks the beginning of an exciting adventure into the virtualization marketplace.

With rising cost of data management, organizations are looking to save money. Virtualization doesn't only address cost savings by reducing hardware and operation costs by as much as 50% it can also reduce energy cost by 80%. In a new chapter in technology "GOING GREEN" is the trend. Introducing a Virtual Infrastructure into your environment won't only save resources, time and money it will also provide you with a level of flexibility not yet experienced by others. Through virtualized infrastructure you can minimize inherit risk of downtime by leveraging the different solutions based around Business Continuity.

"It is clear to Sublime and the rest of the market that server consolidation is not just a trend, but a cost saving reality. We partnered with the premier player in the virtualization space in line with our goal of providing our customers the best technology and service for their budget dollar" says Bob Boule, CTO for Sublime Solution.
