Sublime Solution Inc. announces Silver Level Partnership with Acronis, leader in Disaster Recovery and System Migration for Hydrogenous Platforms

Sublime Solution to offer the Acronis Product Suite as the Premier Disk Imaging and Bare Metal Restore Solution For Windows and Linux Servers.

Manchester, NH., June 17, 2008 – Sublime Solution Inc. a global reseller specializing in virtualization solutions, today announced the silver level partnership with Acronis, a world leader in providing advanced, scalable storage management and disaster recovery software that helps enterprises safeguard their information. This partnership will allow Sublime Solution to offer a diversified back-up and restore portfolio to their customers.

Acronis True Image, the company's flagship product, is a leading commercial disk-imaging and bare-metal restore solution for Windows and Linux servers. Acronis True Image Echo enables users to backup and restore both physical and virtual servers. It operates seamlessly with all Windows and Linux-based servers or desktops, whether they are physical or virtual and also supports major virtualization operating systems.

"Businesses today are running multi-dimensional operating systems, and need a back-up and recovery solution that gives them flexibility. Acronis software is easy to use, works with Microsoft Windows, Linux, Vmware, and provides a fool's-proof solution in backing up your business critical data." Said Bob Boule, CTO for Sublime Solution.

Sublime Solution will offer the full Acronis product Suite including, all the Acronis True Image Echo products, Acronis Recovery for MS SQL Server, Acronis Snap Deploy, Acronis Disk Director, and Acronis Recovery for MS Exchange.
