

FOR IMMEDIATE RELEASE

Sublime Solution Inc. announces PRO-Partnership with Veeam Software, An Innovative Provider of Systems Management Tools for VMware ESX Server Environments

Sublime Solution to offer Veeam Back-up 2.0 as their Premier Virtual Back-up Solution

Manchester, NH., October 9, 2008 – Sublime Solution Inc. a global reseller specializing in virtualization solutions, today announced the Pro-Partner level partnership with Veeam Software, an innovative provider of systems management tools for VMware ESX Server environments. The Veeam partnership will round a complete virtual systems management package for Sublime Solution. Sublime will pride itself on being a one-stop shop marketplace for customers looking for tools to manage their virtual infrastructures.

The product making waves in the industry and what initially attracted Sublime Solution to Veeam Software's channel program is the Veeam Back-up 2.0. Veeam Back-up 2.0 is a disaster recovery solution for VMware Infrastructure 3 that combines backup and replication in one product to protect companies from software or hardware failure.

"Sublime Solution chose to represent Veeam Backup because it is the only tool out there that includes both backup and restore with replication. The Veeam solution is making waves with the competition with an aggressive release cycle, and feature rich solution. Sublime believes that Veeam is the best of breed when it comes to enterprise backup and recovery for your virtual environment" said Jason Schuerhoff, Director of Sales, Sublime Solution.

Sublime Solution will represent the entire virtual management suite of Veeam Solutions, including Veeam Configurator, Veeam Monitor, Veeam Reporter, and Veeam Back-up.
